

**AE-DOCU-011 - APPSELEC POLICIES (Rev 9)****3 ENVIRONMENTAL & CLIMATE CHANGE POLICY****3.1 Our Objective**

Appselec is committed to the protection and management of the environment in all its activities and operations.

Appselec will endeavour to conduct its activities and operations in a manner that is environmentally responsible and mitigates climate impacts through sustainable practices.

Appselec is at the forefront of incorporating renewable energy technology into the work that we do. We will support our customers who wish to join us on this journey.

**3.2 Achieving our Objective**

Appselec's Environmental & Climate Change objectives will be achieved by:

- **Meeting** legal and regulatory requirements for environmental management and protection;
- **Maintaining** an awareness within Appselec activities of the responsibilities of Appselec employees, contractors and affected people to ensure protection of the environment; and
- **Regularly** reviewing Appselec activities to identify and assess the environmental impact associated with these activities.
- **Risk Assessments** to review impacts of climate change.

Appselec's commitment to the environment is as important as our commitment to other aims, activities and operations.

This policy and associated procedures will be reviewed, in consultation with relevant parties, and on the occasion of any changes or amendments to the relevant legislation and/or every twelve (12) calendar months from the date promulgated.
